

Practice Squad

In the spring of 2010 the turnout for softball try outs was so large that we decided to experiment with having a “practice squad”. Any 6th or 7th grade student athlete that tried out but didn’t make the team was offered a spot on the “Practice Squad”. The Practice Squad practices with the team. Practicing with the team gives the athletes a chance to learn and practice the sport of softball possibly increasing their chances of making the team the following year.

Meet the 2010 Practice Squad
